

AGCW RFMSS Course

Introduction to the Web-based Remote Range Scheduler

Sign-in

- Ensure your information is correct. (Spelling, unit, SSN, etc.)
- Make changes on sign-in sheet.
- Sign your name.
- The unit next to your name is the only unit for which you may schedule ranges/facilities.
- Sign user agreement form.

Agenda

- Bottom line
- Scheduling: the old and new way
- Checking availability
- Scheduling ranges, facilities and training aids
- Practical exercises
- Submit your own requests now

Bottom Line

- Know how to do your homework
- Maximize your training experience
- Your responsibility to submit requests
- Request only for the unit you represent
- You'll have the power

What is RFMSS?

- **Range Facility Management Support System**
- Scheduling program developed for DOD
- Tracks usage and de-conflicts scheduling
 - Military, Federal, State and local law enforcement
- Justifies facility maintenance and upgrade
 - Tells NGB how much we use the facilities; our budget is based on that usage
- **Before web-based:** limited number of personnel use RFMSS
- **Today:** Program being pushed to the each unit

Can't I just talk to Range Control?

- *Range Control personnel always available*
- Units have ability to request ranges on-demand
- Units can de-conflict their own schedules more effectively
- Decentralizes control over scheduling
- Reduces human error when resolving conflicts with multiple units
- Easier and more accurate tracking of facility usage
- Accurately tracking usage brings more \$ to UT

AGCW website

<http://www.ut.ngb.army.mil/campwilliams/default.htm>

- Purpose
 - Show accommodations
 - Provide Information on procedures
 - Resource on Safety Regulations and Range SOPs
- The interactive map: ranges & garrison
- Range Control page
 - AGCW vs. DPG vs. LTAs
 - Maps available for download
 - Range SOP & RSO/OIC certification
- Scheduling Procedures
 - National Guardsmen:
 - Must use RFMSS
 - help files & class slides
 - Other users: old way

Checking Availability

- Two week Calendar
- Review Requests
- Range Pages for status
- Real time info on scheduled trng events
- Accurate info on availability of facilities and ranges

Scheduling Bays and Mess Halls

- Know how each facility can accommodate you
 - Camp Williams Website:
http://www.ut.ngb.army.mil/campwilliams/Cantonment_Interactive_Map.htm
 - Get the right facility for your training event
 - There may be another facility better suited to your needs
- Know which one is available:
 - Check the *hours* the facility is being used
 - Check out other facilities:
- Accurate count of pax using bays
- You may have to share a bay / facility
- *Request only for the unit you're authorized to represent*

Scheduling Ranges

- Know how each range can accommodate you
 - Camp Williams Website:
http://www.ut.ngb.army.mil/campwilliams/Interactive_Map.htm
 - Get the right range for your training event
 - There may be another range better suited to your needs
- Know which one is available:
 - Check the hours the range is being used
 - Check out other ranges that can suit your needs
- Accurate count of pax using the range
- Accurate dates/times for when you'll use the range
- Accurately list weapons and ammo you'll use
- Realize you may have to share a range
- *Schedule only for the unit you're authorized to represent*

Scheduling Other Facilities

- Training Aids
 - CPR dummies
 - M16 dunks
 - Audio/Visual Aids
 - Paintball equipment (coming soon)
- Class rooms
- EST/FATS
- Rappel Tower/ LRC
- Same guidelines as for Ranges and Facilities

Keys to Scheduling

- Do your homework.
 - Check interactive map: know your ranges / facilities
 - Check availability on Range Bulletin, Review Requests, and 2-week calendar
 - Resolve scheduling conflicts if possible
 - Check safety conflicts
- Accurately input unit information
- Accurately input request information: facility, times, dates, and use the memo field
- Standard or non-standard request
- ***Communicate and deconflict***
- ***Co-use agreements***
- ***Range control can't read your mind***

Course handouts

- Login IDs and Passwords
 - User Consent Form signed and turned in
- Help files
- Documentation is online

RFMSS AGCW Main Screen

The screenshot shows a web browser window with the address bar displaying https://rfmss.belvoir.army.mil/USARNG/default_loggedin.htm. A red circle highlights the message "User rfmss logged into site Camp Williams." in the top navigation bar. A red arrow points from this message to a text box that says "User name will appear in the upper left hand area". The left sidebar contains a "Two Week Calendar" and links for "New Request", "Review Requests", "Request Processing", "Range Bulletin", "Help", "Help Desk", and "Logout". The main content area features a collage of military images (helicopters, soldiers, tanks) with the text "Range Facility Management Support System 2002" overlaid. The footer indicates "Version w2.02.4 Updated 22-Aug-2006".

☐ Scheduling ☐ Safety ☐ Environmental

#

[OK](#)
[Cancel](#)

- It is the unit's responsibility to resolve scheduling conflicts
- For safety conflicts call Range Control before submitting request
- Environmental conflicts call ERM 253-5659

Handling Scheduling Conflicts

- Talk to the occupying unit
- Verify the times you need range
- Talk to Range Control
 - Possibly co-use range
 - Occupy before/after other units

Sample Safety Conflict

VAD83 / GRS80
UTM 12N

Safety Conflict Analysis for KD Range
